

Table 3. Freshwater Mussels Currently Found in the Cahaba River Basin

	Scientific Name	Common Name	Federal Status ¹	State Status ²
1	<i>Amblema elliottii</i>	Coosa Fiveridge		
2	<i>Amblema plicata</i>	Threeridge		
3	<i>Anodonta suborbiculata</i>	Flat Floater		
4	<i>Ellipsaria lineolata</i>	Butterfly		
5	<i>Elliptio arca</i>	Alabama Spike		
6	<i>Elliptio arctata</i>	Delicate Spike		P1
7	<i>Elliptio crassidens</i>	Elephantear		
8	<i>Fusconaia cerina</i>	Gulf Pigote		
9	<i>Fusconaia ebena</i>	Ebonysell		
10	<i>Hamiota altilis</i>	Fine-lined Pocketbook	T	P2
11	<i>Hamiota perovalis</i>	Orange-nacre Mucket	T	P2
12	<i>Lampsilis ornata</i>	Southern Pocketbook		
13	<i>Lampsilis straminea</i>	Southern Fatmucket		
14	<i>Lampsilis teres</i>	Yellow Sandshell		
15	<i>Lasmigona alabamensis</i>	Alabama Heelsplitter		WATCH
16	<i>Lasmigona etowaensis</i>	Southern Toesplitter		P1
17	<i>Leptodea fragilis</i>	Fragile Papershell		
18	<i>Megaloniaias nervosa</i>	Washboard		
19	<i>Obliquaria reflexa</i>	Threehorn Wartyback		
20	<i>Plectomerus dombeyanus</i>	Bankclimber		
21	<i>Pleurobema decisum</i>	Southern Clubshell	E	
22	<i>Pleurobema perovatum</i>	Ovate Clubshell	E	
23	<i>Potamilus purpuratus</i>	Bleufer		
24	<i>Ptychobranchnus foremanianus</i> ³	Rayed Kidneyshell	E	P1
25	<i>Pyganodon grandis</i>	Giant Floater		
26	<i>Quadrula apiculata</i>	Southern Mapleleaf		
27	<i>Quadrula asperata</i>	Alabama Orb		
28	<i>Quadrula metanevra</i>	Monkeyface		WATCH
29	<i>Quadrula rumphiana</i>	Ridged Mapleleaf		
30	<i>Quadrula verrucosa</i>	Pistolgrip		
31	<i>Strophitus connasaugaensis</i>	Alabama Creekmussel		WATCH
32	<i>Toxolasma corvunculus</i>	Southern Purple Lilliput		P1
33	<i>Truncilla donaciformis</i>	Fawnsfoot		WATCH
34	<i>Unio merus tetralasmus</i>	Pondhorn		
35	<i>Villosa lienosa</i>	Little Spectaclecase		
36	<i>Villosa nebulosa</i>	Alabama Rainbow		WATCH
37	<i>Villosa vibex</i>	Southern Rainbow		
1	T = Threatened E = Endangered			
2	P1 = Highest Conservation Concern, P2 = High Conservation Concern, Watch = Moderate Conservation Concern			
3	FWS considers this Triangular Kidneyshell - <i>Ptychobranchnus grenii</i> currently. Reclassified in Williams et. al. 2008.
